E. F. BEALE, President.

THE WEEKLY NATIONAL REPUBLICAN IS becoming. Every Irlend of the Republican cause should aid in its circulation.

GEN. Aborn, of Michigan, is gaining strength rapidly.

Ir ex-Mayor Hewitt is correctly reported be will not vote for the Democratic camildate for President this year nor contribute eny money to the campaign fund.

Mr. OFTHWATTE, of Ohio, is making himself an "materidged ass," which, he says, is parliamentary language, in trying to juggle figures in the census to make them an argu-nect in favor of free trade.

SENATOR GORMAN HOW knows the power of executive patropage. The Cleveland mabine rolled over him at St. Louis and flattered bim out. German Is a man of nerve, and didn't whimper while the machine was

Intersors is answering the free traders. Marrison went under in the last election, and now, for the first time in the history of the state, all the Republican candi-dates for judges of the supreme court were elected. Oregon and Illinois on the same day. Isn't this cruelty to the animals?

Mn. Mulls is said to have been dis couraged by the refusal of the St. Louis ratification meeting to indorse his bill. Mr. Ercckinridge, who was defeated as a delegate, telegraphed that an indorsement was necessary. Is it possible that either of these statesmen (*) ever thought their dark lantern conception would pass? Have they neard the news from Oregon and Illinois?

SEVERAL Southern senators are trying very hard to get the salaries raised that are paid to their friends who are representing the country abroad. We would suggest that, in some cases, if a supply of red paint suitable for "painting the town" were fur-nished, it would answer as well as an increase in the eash compensation, patht' can be procured in Kentucky barrel at \$3 per gallon.

Wood, lumber, and wheat in Oregon have spoken very loudly to the free trade Democrats. The great state of Illinois echoed the words that came from the Pa-· ific coast. Little Rhode Island was sneered when it spaces a manufacturing states when it spaces, and the cry was, "Wait till we hear from the agricultural states," How will Oregon and Illinois do for agricultural states? You have heard from them.

Mn. Mnns on Tuesday declared that the till which bears his name was not a free trade bill, because a duty was levied on a number of articles. Mr. Mills was at the 4 ime discussing that paragraph which puts lumber on the free list. Will Mr. Mills please explain how lumber can be put on the free list without there being free trade in humber? Free trade is declared for in the bill upon every article placed on the tree list, and the number of them would have been greater if Mills and his associates had dared to make it so. "The first firm step toward free trade" was the Mills oill. Stand by your platform. The Republican want no designer on this question.

As runnicerum by the Narroyale Runiushas from time to time for the past year. President Cleveland has been renominated for a second term by the National Demofigure of the nation are largely indebted in this contest to President Cleveland for his frank avowal of low turiff, and, practically free trade, statements in his last annual skill, and ingenuity may be excrebed by the connectice on platform to sugarcont the message and to avoid the honest. Issues between the governing parties of the country, Freedent Cleveland will stand or fall in this centest before the American people by his own official declarations. If the Re-publican party will hold the discussion to, of nek a verdict upon, the more made by t meett, and avoid all slander and nasti a conducing the campaign, victory will perch upon the Republican standard, as hat bready been demonstrated in the states of Effecte Island and Oregon.

Nature the temporary chalman of the St. Louis convention, Lieut. Gov. White. of California, nor the permanent chairman, Ron. Patrick A. Collins, nade a speech in accepting his position worthy of the occasion. Both were comrocuplace, neither having a thought worthy of note. Mr. Dougherty's speech in nomi-nating Cleveland was better. Its delivery was no doubt superb, as Mr. Dougherty is an accomplished orator. Mr. McKenzle, of Sentucky, in seconding the nomination of Cleveland, seems to have made the humor- and Traders in every clime.

Is It to Be Thurman ?

The fact that the National Democratic Convention took a recess until to-day as soon as the monination of Cleveland had been made would at first appear to be a backet to Thurman, as it had been previously announced that the policy of the anti-Thurman people was to secure an ad-journment immediately after the noteination of Cleveland. But the facts in the case are that the two motions for a recess—one till 8 o'clock last evening, the other until 10 o'clock to-day—were both voted down, and and it was only when the California delegation, which is solid for Thurman, joined in the request for a recess that the motion to adjourn till to day was agreed to. While, however, the delay does not necessarily lindy any weakening of the Thurman forces, t is dangerous to his interests; for the more time there is for ealth, solver reflection the greater would be the proba-bility of coming to a truthful realization of Thurman's actual physical wiltion, and the inadvisability of hi conduction. The movement for Thurman as spring up very suddenly, and is almost wholly sentimental. Such a movement is table to collapse as suddenly as it comeinto being. If the vote on the vice presi dential numbration had been taken yester lay while the convention was still hot in its loubt that Thurman would have carried verything like a whirlwind. He may do to-day, but delays are langerous.

A REPUBLICAN HIGH wave has started in regon and will increase in force until every tate has felt it and it culminates in th lection of a Republican President. The following remarks made in St. Louis on Mon-day by Mr. Kuhn, of the national commitee, from Washington territory, will now be nteresting reading:

We are confident of carrying Oregon on the egislative ticket to-morrow, and of sending a Democrat to the Senate, to succeed Bolph. The division in the Republican party there, raused by the election of Senator Mitchell, still exists, and we will undoubtedly carry the egislature. We may lose the congressman, out we are making our fight for the legislature nd are willing to lose the congressman. I am giad to find a moderate spirit prevailing here on the tariff subject, for the Mills bill, as originally introduced, world kill our party in the extreme northwest. It might help us else-where, but might be fatal in our section.

to admit to membership persons is years of age.

The request of the Corcoran Cadets to join the W. L. L. Corps in the Cape May encampment was unanimously granted.

The presentation of this request led to the hope that the 1st regiment of the D. C. N. G. would consider the matter, and if possible get the outre body interested in the probest.

Gen, ordway, it is understood, would like to see the regiment adopt this idea.

At the monthly moeting of the National Fenchles last hight Messrs, Joseph Montgomert, Enos Newman, W. B. Culvorwell, and F. Bernhard were elected to active membership, and Henry Wolf, D. R. Bids were also feesived for furnishing a summer uniform, action on which was postponed to hear from other parties. Neveral amendments were made to the constitution. In this company, as in others, steps are being taken to weed out in different members, two of whom were dropped last night. The resignation of Mr. George Draper was accepted. The semi-annual competitive drill will take place June 21, at which time the company will appear in their summer uniforms.

A noteworthy event occurred at the last immensement exercises of the Windsor Colcommencement exercises of the Windsor Col-iege, Maryland, when President Jelly an-acounced that the trustees of the college had onferred upon Mrs. Flora Adams Darling the honorary degree of A. M. This conferring the honorarie master's degree on Mrs. Darling, followed by her election to three fellowships in college societies, is much appreciated by her friends. Will find that their real estate will pa better if they place it in the hands of agents, who will not permit tenants to get back two and three months, but will make them pay as rent becomes due. When deal ing with a landlord tenants will complain

RENT IS TOO HIGH,

That such and such repairs are needed. and as a personal favor ask more time for payment. With an agent it is quite the reerse, as the tenant knows it is purely a matter of business with him, and they must pay as they agreed. We attend to any re pairs that are necessary, and have work lone at lowest prices. We select tenants with that extreme care which is learned from years of experience, aided by efficient as sistants, and facilities that private individuals cannot command.
